## President's Corner

Fellow Tin Lizzies,

It looks like this year is just about over. The cooler weather is settling in, but as I said previously, this does not mean our driving days of 2013 are over. We still have a few activities lined up so, as usual, make sure your car is in tip top shape & get your T's "winter" ready. As always, do not hesitate to ask for a helping hand. Our work parties are a great opportunity to get the winterization done.

When you are all reading this newsletter, that would mean it is Oct, & we have just a couple of months left to the year, & our club elections are just around the corner. Now is a good time to figure who you would like to see in office for 2014.

Thanks and be safe,

Dean

be Wild"

### Balloon Fiesta Car Show Oct 6

You may bring your T early Sat afternoon (before the Balloon Glow) & leave it all night, or you may drive them in on Sun morning anytime before 9AM. Camping out Sat night won't be allowed. We always have a great turnout & an enjoyable day watching the balloons as they launch & land. Of course, we also enjoy eating our way through the day!

See you there!

## **Don'ts for Ford Owners!... From the Ford Manual 1915**

### **Don'ts Before Starting**

- Don't start engine with spark advanced.
- Don't start engine unless hand brake lever is set.
- Don't try to start engine without gasoline in the tank.
- Don't start engine without sufficient oil in crank case.
- Don't try to start engine until you have turned on switch.
- Don't start car without filling radiator with water.
- Don't start car until throttle lever has been advanced 5 or 6 notches.

### **Don'ts when Running**

- Don't put clutch in high without reasonable start on low.
- Don't race motor.
- Don't see how quickly you can stop or how fast you can start.
- Don't leave motor running when you leave car.
- Don't forget to retard spark when motor begins to slow down or labor in pulling or ascending grade.
- Don't use foot brakes continually when descending long grades. It is liable to burn the brake lining. Apply the slow speed pedal & operate against the compression of the engine, retarding the spark & throttle levers. This is an effective means of checking the speed of the car.

Please take a look at the "T'n Vittles" and "Meeting Refreshments" lists. If you would like to sponsor a breakfast, or bring snacks to one of our meetings, call Linda Riel @ 459-5897, or email [lmrrieldeal@centurylink.net](mailto:lmrrieldeal@centurylink.net). If you have any questions, please do not hesitate to get in touch with Linda.

## STATE FAIR, Sept 15

What a beautiful day for the Lizzies to venture out! The rains stopped for the day, & many drove their T's all the way to the fair & back home. 15 Model T's showed up & were really a hit with the fair goers!

We answered many questions from the crowd, & they were very interested in our beautiful cars....Kirk's, too! (Just kidding. I think Buster Brown is beautiful ..in his own way, of course...love those cushions!)

We had a hard working group of members valiantly taking apart & putting back together our '25 Roadster "Take Apart Car". The first assembly took them 11 min, 25 sec. The second assembly was a cool 9 min, 1 sec. This might sound like a lot of time to some who have witnessed car assemblies before, but we make sure the car actually runs & is driven forward & backward before it's considered "back together". (This is so Larry can drive it back to the parking area!) The guys did a wonderful job, & now several of the ladies are convinced we can do it, too...we'll see what happens to that idea...

We ate till our tummies were full & then we ate some more. Fair foods may not be the most healthy, but, hey, it's just once a year & it's so worth the extra poundage!! Here's some pictures of the day to enjoy!

<Norma, Susan, & Sharon (the timekeeper) enjoying the show!

vvv Using the hoist to lift the engine...saving a few backs!!

Don Souther..you need to be in the fray, & Laura, do you think we ladies can do this? vv

Pictures were mostly of "rear ends", but you know who you are!! ^^^

<<Almost ready to start her up!!

Norma & Betty, coaching from the sidelines??^^^

Ok, so what have you been up to now, Paul? ^^

Surprise demo of Kirk's suspenders & 6 Pack!! OMG!>

<<

Yes, it does drive forward & back! The Lizzies did a great job putting it together 2 times. The 2nd time was the best time at 9 min, 1 sec.

**What a team!!!**

## Kirk & Susan's Marvelous Adventure on the Hillbilly Tour In Sept....by Kirk Peterson

On our way to Eureka Springs, Ark, Susan & I stopped to visit Ted & Nancy Forum in Supalpa, OK. They treated us to a special tour of Tulsa in their beautiful "blind back" Model A Sedan. After traveling on Rt 66 from Ted & Nancy's home, we stopped & enjoyed the "East Meets West" bronze sculpture of a wagon & a Model T at the Tulsa 11th St. Bridge & then on to the lovely gardens of Woodward Park in downtown Tulsa. We thanked Ted & Nancy for their generous hospitality & made our way to Northern Ark.

The 2013 Hillbilly Tour is also a MTFCA Natl. Tour & was held in Eureka Springs, Ark. Over 110 cars participated in this annual event. We met with Tom & Janice Christofferson, Fredericksburg, TX, Duane & Nita Nicholson, Rochester, WI, Charlie & Mary Vandervort, Prairie Village, KS & Ron & Sharon Osburn, Checotah, OK.

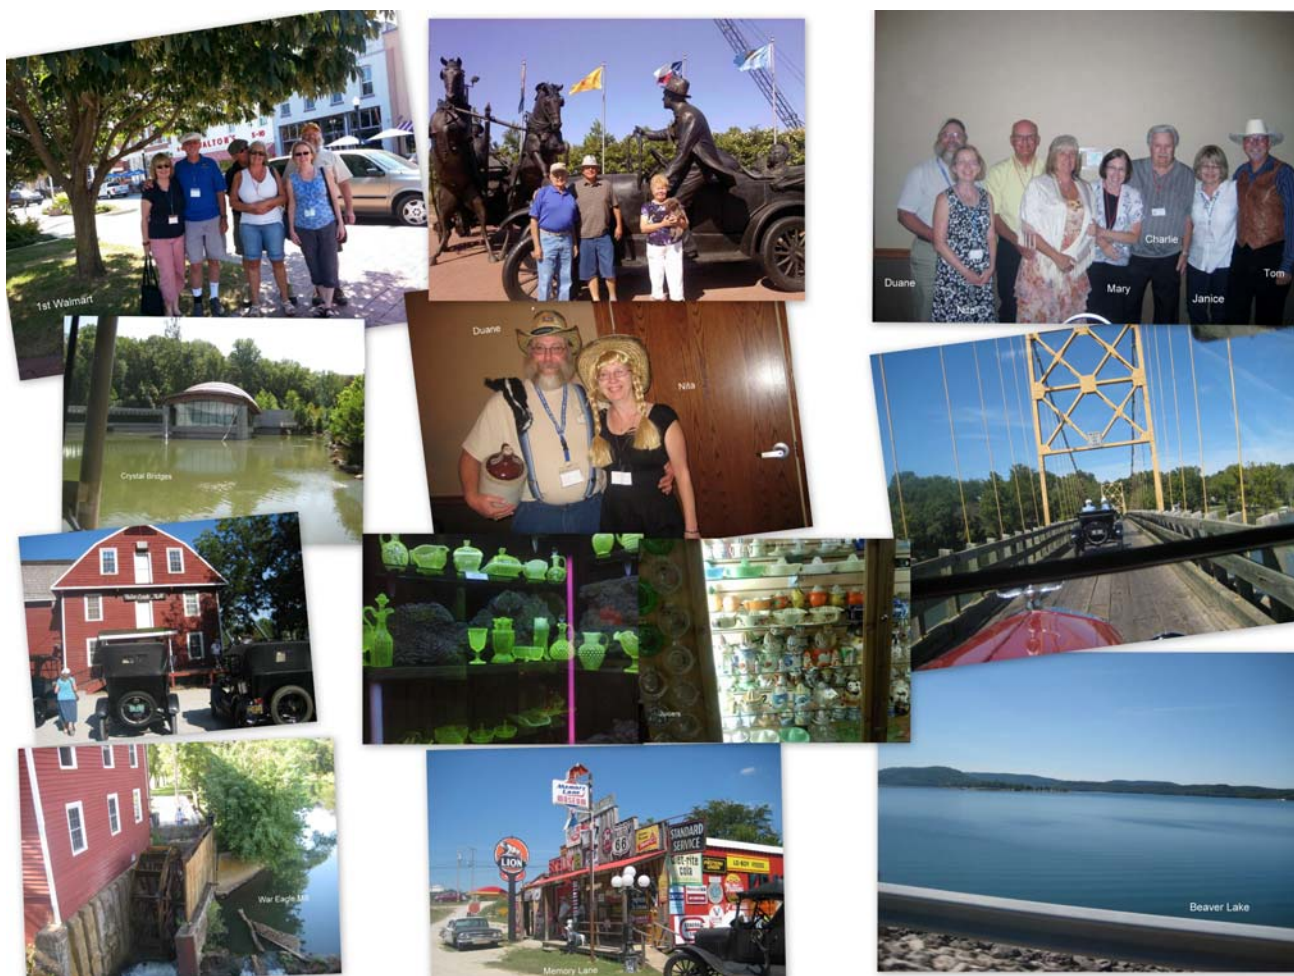

On Wed. we had our tour photograph taken at the Queen Ann Mansion in Eureka Springs. Then we drove through Eureka Springs, across the White River & over Beaver Dam. That evening there was a Hillbilly picnic & Hillbilly costume contest. Duane & Nita dressed in complimenting attire & were runner's up in the very entertaining awards program.

Thurs we drove 90 mi. Our first stop was at the War Eagle Mill, a working grist mill in Benton County Ark. We traveled to the Crystal Bridges Museum of American Art in Bentonville, AR. The magnificent collection was compiled by Walmart heiress Alice Walton. We also visited Sam Walton's first Walmart, now a gift shop & museum. Sam's daily driver, a Ford pickup, is housed in the Museum.

Fri. was 53 miles. We visited the Golden Pioneer Museum, which featured a great display of glassware, time pieces, & Farmall Tractors, etc. Then it was on to Berryville for Lunch in the back of a Surveyor's office on the square & a visit to Memory Lane Museum.

Sat was an easy day of 63 mi in our air conditioned Explorer with our passengers, Tom & Janice. We toured the Pea Ridge Natl Military Park. We then had an exquisite lunch at Ruby's Liquor & CENEX fuel stop in Seligman, MO. We motored to Roaring River State Park where the fish were jumping onto every hook, line & sinker dropped in the river. We attended the Closing Banquet that eve.

Sun morning included breakfast at Myrtie Mae's & time to sadly say goodbye to our new & old friends. We loaded up the T & went to Branson retracing part of Friday's tour route. Tues, in Branson, we "rode the duck" on Table Rock Lake & had dinner with my nephew, T R & his family. Wed afternoon we attended the lavish production of "Joseph" with Gene and Jackie who are Model T'ers from "Surf City". Thurs, at O Dark Thirty, we hooked up the trailer headed back to Santa Fe.
