President's Corner

By Larry Azevedo

Whew! July is already gone! The year is zipping along. We were fortunate to have both grandsons here at various times in June and July- I managed to get them plenty greasy. Cole made great progress on his engine. Our last two youth days saw the disassembly, diagnosis, repair and reassembly of Russell I and Julie Dilts '26 touring! They did a great job, thanks to all the adults that served as helpers. 4th of July was well attended by the three car clubs and we all had a good time.

We had a great breakfast that was hosted by Ethan and the tour of the Coronado Historic Site was great. We are taking a short break from work days while Lorna and I visit my Mom but will resume later in August.

Keep your oil level checked, coolant in the radiator and air in your tires!

August 23

Meet at Tramway & Central.

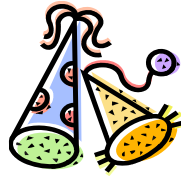

We'll leave at **8:00AM**, travel on old Hwy 66 together to Edgewood as a group & get there about 9:00AM.

We'll leave around 3PM after a day of showing off our cars, & eating whatever goodies we can find. Usually they have snow cones, pizza, hot dogs & cold drinks....plus, bring anything else you'd like to graze on.

Bring a chair, bottled water, hat, sunscreen, & possibly your neck scarves to keep your neck cool. It'll probably be very hot!!

We always have a great time!

Please contact Linda Riel (459-5897) by the 1st week in Aug if you are planning to attend so she will have a head count!

A Fall Tour is being planned for the Mountainair/Belen area. Our tour "experts" Orlando & Ethan Ortega are teaming up with several Lizzies to make this a very fun event!

The plan so far:

We will drive a beautiful route to Mountainair in our T's on Fri, Sept 19. Our plan is to visit the Quarai Site & possibly other stops on the way. It's about 75 miles from Alb.

For Fri night, you may make your reservations at the Shaffer Hotel 505-847-2888, or the Rock Motel 505-847-2577. Check out their websites to see photos & amenities.

We will plan to have dinner at the Shaffer Hotel dining room on Fri evening after our "Happy Hour". (The Rock Motel has a wonderful pavilion just waiting for our get-together!)

Sat morning we will make our way to Belen (43 miles), possibly stopping at Abo Site, &/or other stops that Ethan recommends.

In Belen we have several choices of motels & restaurants for Sat night's stay. Vernon Armstrong is in the process of getting hotel information & planning our activities while in Belen.

We will have plans for a lunch stop, Sat night banquet, as well as Sun morn & possibly afternoon stops. Our choices include the Harvey House at the train depot, winery, shopping, art league, a trading post, the old theatre, ...just to name a few.

Sun afternoon we will head for home, (about 45 miles to Alb).

We will have the route & fun activities planned by the Aug meeting.

Mark you calendar now to attend this tour....I know we will have a great time....we always do!

If you would like to sponsor a breakfast, or bring snacks to one of our meetings, call Linda Riel @ 459-5897, or email lmrlu-lubell@juno.com. **Those signed up, please contact Linda ASAP when you've chosen the location! The following dates are subject to change! Breakfasts usually start at 800AM, but please check for any changes!!**

T'n Vittles, July 12

We met at the Range Café in Bernalillo for a yummy breakfast at 900AM. There were 43 members & guests. 10 folks joined us from the VMCCA & other car clubs. There were 14 Model T's, & other cars, including a Packard & a Buick. After breakfast, we drove about 2 mi to the Coronado Monument. There we split into 2 groups. Ethan Ortega took the first group & another docent took the 2nd group in the opposite direction. We toured a Kiva, were fascinated by the paintings that were removed from the Kiva many years ago, enjoyed the grounds & the museum, visited

Youth Work Days Repair Rod Bearing!

On a tour in Tucumcari, NM the Dilts' '27 touring car developed an ominous knock. The Tin Lizzies youth, on 2 Youth Work Days, repaired the burnt rod bearing. On the first Youth Day, June 28, Derek (Larry's grandson), Eli & Max (Tom's grandkids), Skylar (little brother of new member Len Magnus), Max's cousin Nicole & friend Sydney, took the inspection plate & head off the engine & diagnosed the problem as a burnt rod bearing. They also removed the rod & piston & measured the crankshaft rod diameter. On the following Mon, Ethan Ortega babbitted the rod bearing & turned the bearing out on the rod machine. During the latest Youth Day on July 19, a new crew, Lee & Trey (Bernice's grandkids), Kass, (Ken Carpenter daughter), Zach Lance (new youth member), & Tommy & Charlie Eppe, (friends of Stan & Janice), checked the clearance of the newly constructed rod bearing, installed the new rod & piston assembly, put the head & inspection plates back on & got the engine running successfully! Thanks to all the adult helpers as well. We all had a great time & our youth got to see the results of their labors. We also have several new Model T drivers in the Club!
