Thinking of You card was sent to Medora Gaines, a Get-Well card was to Rose Ross regarding her recent brain tumor surgery, a sympathy card to Bill & Donna Hansen in the passing of his father and a sympathy card to the family of Ralph Workman.

Please let me know if/when you hear of something

Thank you, Linda

Because we have so many new members and in an effort to learn everyone's name, those of you who have a name badge **PLEASE** wear them on a regular basis to our meetings, breakfast, any "club function". If you would like to have a Tin Lizzies name badge, please let me know how you want your name to appear and if you would like a pin back or a magnet back and send your information to lmrlulubell@juno.com or call Linda @ 505 459 5897.

## PRESIDENT'S MESSAGE

Hello Tin Lizzies!

Four down, with seven and a Christmas gig to go!

Another active month, with my many thanks to all that have stepped forward when asked and to everyone who has joined in the fun.

I think everyone was particularly interested in seeing the Ford Tri-Motor at Double Eagle Airport. Kudos to individuals who took a ride. Personally, when the engine(s) cut out, I prefer to be closer to the ground!

This month, be sure and attend the May breakfast and the tour out to Archie Lewis' place in Moriarty that is to follow. First, you can't beat the food at the Owl Cafe, and second, you've never seen such a collection of old cars and trucks (I dare you to try and buy something!) as you will at Archie's. When you do see it, just remember that it once all sat in a yard next to Montano and the biggest percentage of all this was moved to Moriarty.....  
**ONE TRUCKLOAD AT A TIME!!**

Don't forget that May's meeting will be a bit different from most. The fashion show will begin at 7:20, so don't forget to invite you friends and neighbors. Just ask them to come in quietly while we conduct business with the speed of lightning prior to the show. How much is the admission for this show anyway??

And a final thought: Before you criticize another man, walk a mile in his shoes. Then, when you do criticize him, you'll be a mile away. And you'll have his shoes!

Sorry! Vaughn, GHMM

NMCCC: May 6 their 8th Annual Open House @ BMC Tactical for a car & gun show off and a full day of activity at the Albuquerque Museum located at 2000 Mountain Rd. NW from 10:00am - 3:30pm, car show and an art show are just a couple of the planned activities. Also on May 6 is the Corrales Tractor Club 12th Annual Running of the Tractors 8:00am - 4:00pm. May 7 Route 66 Roddeers 29th Annual Swap Meet in Los Lunas. May 13 Cars for Kids Car Show @ Montgomery Church of Christ 10:00am - 4:00pm. For more information contact Dave Merewether @ 505 881 0104.

After breakfast, we will drive down Eubank Blvd to Old Hwy 66 and follow Old Hwy 66 to the Lewis Antique Auto and Toy Museum located @ 905 US Route 66 E in Moriarty. Many of our members know the owner of the museum, Archie Lewis. And of his museum which houses about 35 restored antique autos, ranging from a 1909 Ford Model T to 1950's Ford Thunderbirds. Among the highlights is a 1915 Model T Touring Car that appeared in the 1969 movie "The Good Guys and the Bad Guys" starring Robert Mitchum and George Kennedy. There is also a 1927 Model T that was once owned by one of the cast members of the Lil' Rascals. There is also a large collection of unrestored cars, including many Model T's. The toy collection of 1,000 pieces are also related to vehicles, with Tonkas, Smith-Miller replicas, Wyandotte replicas and model trains. After touring the museum, members may return to Albuquerque or seek out some of the other Moriarty attractions, including the US Southwest Soaring Museum, the Moriarty Historical Society and Museum, or the Wildlife West Nature Park near Edgewood. **Both the Owl Cafe and the Lewis Auto Museum request an estimate of the number of persons who will be attending. Please respond to Ann Merewether at [amerewether.com](http://amerewether.com) or 505 710 2210 before May 10 if you plan to attend one or both of these activities.**

Fashion Show  
May 25, 2017  
By Lorna Azevedo

We are having A Fashion Show at our May 25th meeting at the Vineyard. It will be our program for the evening.

The show will highlight fashions (& a bit of historical data) from the early 1900's through the 1940's.

There are a few slots left for additional models, so If you'd like to volunteer to be a model in the show, or help out in the dressing area, please call Lorna 898-7700.

**WELCOME NEW MEMBERS:** Not only for our new members, but for everyone. **PLEASE** let Marilyn Duncan know if you have a change in information. She will update the membership roster accordingly and have a hardcopy available. Welcome to all of our many new members .

**FYI:** Even though we have insurance for our Club through MTFCA, you still need to have your Model T insured. Check out Hagerty, JC Taylor and Classic Auto.

I thought my eyes were playing tricks on me at our breakfast in April.....someone who made a rare appearance was no other than Miss Fran Gurule. Another rare appearance was Skip Dunn and even Kirk & Susan made it and Steve Suttle ventured out again. Rose was there and appeared to be doing pretty good from her recent surgery. As always, it was great to see everyone. Linda

Yes, you did read it correctly for the July meeting refreshments. The Tin Lizzies of Albuquerque will be having a "Pizza Party" for it's members. In an effort to make sure that enough pizza is ordered and soda purchased, please RSVP by 7/20 to Linda if you will be attending the meeting. Thank you!

**FOR SALE:**

Main gear shafts \$75 each, Clutch discs 09/27 \$2.75 each, Fourth main bearing part # 3369 original for exchange \$25, Magneto coil core assembly for rebuild double stack oval 1915/17 use with 3/4" thick magnets \$115, Single stack oval 1917/18 1/4" copper width \$115, 1926/7 oval 3/16" copper \$120. 1956 Ford sedan with a 6 cylinder engine and 2 speed fordomatic transmission. I would like to trade for a running Model T in similar or worse condition. My Ford runs and drives great but is cosmetically "challenged". The transmission was rebuilt about six years ago and the brakes, steering box and other parts have been replaced as well. Call Scott Stuart @ 505 934 8390

We will park our trailers just north of Independence Street in a public lot; a short walk from the lodge. No pets are allowed and all the rooms are non-smoking. Smoking is allowed on balconies outside.

A deposit either by check or credit card for two nights is required. For more information about the lodge in Red River click on this link: <http://www.redriver-nm.com>

Once you have made your reservation, please let me know by email at [dribblebit@comcast.net](mailto:dribblebit@comcast.net) so I can keep track of how many people will be on the tour. In your email note the room you have reserved. Also, let me know if you are taking an RV and not making a room reservation.

Eating appears to be one of the things the Tin Lizzies do best.....well at least when we are together as one big family.....

## 1928 Ford Tri-Motor built from 1928 - 1933 (Apr. 9, 2017) Story by Mark Wing

After the Tom and Cathy Miles hosted breakfast at the Golden Corral, it was on to the Double Eagle Airport due west from the restaurant. A 1928 Ford Tri-Motor (the world's first mass-produced airliner) had been making appearances at smaller airports in the western US and was now in Albuquerque. The previous week, it had been in the Phoenix area. This particular Ford Tri-Motor (named the City of Wichita) was delivered to its purchaser, Transcontinental Air Transport (TAT) on January 18, 1929. It was part of a fleet that provided coast-to-coast passenger air/rail service beginning in mid-year 1929. In the mid 1930's the plane was also owned by Grover Ruckstell (yes that Ruckstell, that we can thank for manufacturing the Ruckstell axle), who used it for Grand Canyon Airlines of Arizona. The plane next saw service in Honduras and Mexico where the plane's corrugated metal skin was replaced with flat metal. The corrugated skin was replaced while in the ownership of Bill Harrah (the famous casino owner and car collector).

In 2013, the plane was purchased by The Liberty Aviation Museum of Port Clinton, Ohio. They, in turn, have loaned it to the Experimental Aircraft Association (EAA) Foundation who tour the plane around the country providing rides to the public.

The original Ford engines have been replaced with Pratt and Whitney radial engines and some components, such as the drum brakes and some instrumentation, have been modernized with disc brakes and instrumentation for safety.

Several Tin Lizzie Members took the half hour ride in the plane. The actual flight time was approximately 15 minutes, but it was long enough to get an idea what early air travel must have been like. It was a great event and everyone had a good time.

Thank you Konrad Werner and the folks at the Double Eagle Airport, and Bill and Vaughn for organizing the Ford Tri-Motor event!

### "Help Folks Club."

The "Help Folks Club" wishes to thank all the men who contributed so generously to the funds for Christmas.

With the ready help of the men in the factory who put their offerings in the box by the Superintendent's office, there was \$470.73 to bring cheer to needy families. Thank you, every one!

A-B-C. It is better to Always  
Be Careful than Always Be Crip-  
pled.

### Too Many Absences.

Too many men are away from their work in the factory every day. This is bad for everybody.

Some men are sick and cannot work. Other men have sickness in the family and must stay at home. But many men stay away without any good reason.

It is foolish to drink too much at night, so you are unable to work next day. Liquor weakens the mind and nerves, and you can't be a good workman if you carouse at night.

Some men think they can lay off as much as they like, during the first six months. They are wrong.

Every day's absence, not due to some good excuse, is added to the six months, and must be made up before you are entitled to share in the profits.

Think of this when you feel like taking a holiday. You cannot afford to spend time in idleness, and the company needs you on the job.

Remember—time lost is gone forever. We can't make up lost time, so let us not lose any more than is necessary.

Garage Gossip Always do the important job first! (Azevedo, February 2007)

Back in 1999 I became the top bidder in a battle for a 1948 Farmall Cub tractor and became the proud owner of a tractor. From day one I knew that the clutch throw out bearing was rattling and would, sometime in the future, need to be replaced. In a tractor this is a pretty big job since it involves unbolting of lots of heavy cast iron so naturally, I postponed the inevitable. Anyway, the tractor was running great. So, I've been using the tractor quite a bit since then. Moving dirt is kind of fun but moving snow in a blast. We haven't had many opportunities to more snow so when December 29 arrived with more than 24 hours of continuous snow, resulting in more than a foot in our yard, I was excited.

Now there was a real good reason to move some snow, we were locked in our garage and I needed to clear it off. So out I went on the day before New Year's and tackled the job. The cub was parked outside under a carport but in spite of the tractor sitting out in 15 degree weather it started up pretty good with a little choke finessing and waiting for the hydraulics to warm up and start working. What I wasn't prepared for was my tender bottom, only protected by worn out, holy levis, coming into contact with the metal seat. Wow! I was afraid my bottom would stick! Once my posterior was sufficiently numbed I took off and started moving snow. I should have done the important clearing first, but no, it was more fun to run around the yard moving snow everywhere. Well, you guessed it, the clutch decided to totally give up the ghost just about the time I needed to do the important work. So I ended up dusting off my old snow shovel and manually moved the snow. At least that activity was sufficient to unfreeze my bottom.

Respectfully submitted Jessica Lance, 2017 Secretary

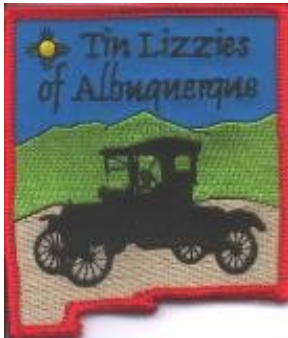

Hi Everyone! I wanted to let you all know that we are having a fundraiser which was started when Blue passed away. We give out scholarships in his name to APS students as well as donate to colon cancer research.

The fundraiser will be on May 21 at the Valle del Bosque Park located @ 480 Sunset Rd SW from 9:00 am till 2:00 pm. Desiree will start registration at 7:30 or by email [loveforbluecarshow@gmail.com](mailto:loveforbluecarshow@gmail.com). Registration fee is \$20 per car and the car with the most votes will receive a Home Depot gift card. We will be selling foot, t shirts and crafts as well as having a 5k walk.

Thank you all, Irene
