## PRESIDENT'S MESSAGE

Hello Tin Lizzies!!

It's hard to believe that there are only two more meetings in 2017. By the time you read this the Red River Tour will be history, and the time is upon us to be thinking about 2018.

As I mentioned last month, our club is staffed by Volunteers. At the November meeting we will be voting once again for the next slate of Officers for the Tin Lizzies. Have you thought about running for an office for 2018? Why Not?!

Between the time you read this and the October meeting our Directors, Dave Ferro, Vern Willan and Brian Dean, will be making contact with the Tin Lizzie members, asking them to run for office for 2018. These are not difficult jobs, but are Absolutely Necessary for the continuation of the club. I myself was elected to be Vice President the very first full year that I was a member of the club, and, believe me, if I can do it, .....!

We currently have a very fine Board of Directors, but I definitely want to see more members, new faces, become involved in the "governing" process. At the last meeting each of our "Committeemen" gave a short description of the job that they perform. This month I'd like each of the Board members do the same. Remember, you don't have to give up your day job to be a member of the Board!

I hope the folks who attended the Red River Tour didn't get too damp; I know for certain that they all had a great time. Oh, and a reminder for Larry from the last meeting: If you want to run for President of the MTFCA, the Tin Lizzies promise NOT to host another national tour (at least during your tenure)!

See yall at the October T 'n' Vittles and meeting. Directors, get busy!!

Vaughn, GHMM

**REMINDER:** Membership renewal is just around the corner. Go to our webpage [tinlizziesofabq.com](http://tinlizziesofabq.com) and click on membership & meetings and use the drop down for membership application then click on tin lizzies application form. Print it, fill it out and return to Marilyn with your dues payment. There will also be forms available at our upcoming meetings for you to fill out as well. The information you provide is for our Cub's recording purposes. Please make sure to notify us of any changes to your information.

## 2018

September 26 thru 30 - Las Cruces Tour (stay tuned for additional information)

From you Editor: In an effort to fill up the pages in the November Enchanted Flyer, I want to hear from you....

What does the Tin Lizzies mean to you?

What is the story behind your first Model T?

Who taught you to drive a Model T?

In a couple of sentences or so, explain your answers and send them via email or write out your answers and give them to me at any of our meetings or a breakfast or whenever you see me.

thanks, Linda

Since this was my first time participating in the Ladies Take Apart Car Demonstration and one of the tasks that I had was to connect the wiring, I guess I did OK since it started.. It was a lot of fun. The mem of our group did it for years and this gives the ladies a chance to share in that experience with them. A group of wonderful ladies to work with! ## Model T History -One Hundred Years Ago

By Paul Duncan

The Model T Ford 1918 Model Year ran from September 1, 1917 through January 1919

The United States had entered World War I in April 1917. President Wilson believed the United States should be neutral. However, "Wilson cited Germany's violation of its pledge to suspend unrestricted submarine warfare in the North Atlantic and Mediterranean, as well as its attempts to entice Mexico into an alliance against the United States, as his reasons in April 1917 for declaring War"<sup>1</sup>. British intelligence reported that they had intercepted and decrypted a telegram from German foreign minister Arthur Zimmerman to the German ambassador in Mexico City. The Zimmerman telegram<sup>1</sup> promised the Mexican government that Germany would help Mexico recover the territory it had ceded to the United States following the Mexican-American War. For its assistance Germany asked for Mexico's support in the war."<sup>1</sup>

The Ford Motor Company did not provide any war material to the European combatants. Henry Ford was a pacifist. He did sponsor "The Peace Ship" in 1915 to Oslo, Norway. Nevertheless, from the spring of 1917 until the end of the War in November 1918, the Ford Motor Company supported the US war effort by producing war boats, military trucks and ambulances, cannons as well as research on armor technology<sup>2</sup>. Mc Calley<sup>3</sup> documents in 1917 that Ford produced 568,128 Touring cars, 1453 ambulances and 3 truck chassis. In 1918, they manufactured 432,519 Touring cars, 2136 ambulances and 41,105 truck chassis. The history of the Model T ambulance appears in the 2017 Lang catalogue. Roy and Bernice Young donated their reconstructed WWI era Model T ambulance to the MTFCA Museum

In the Tin Lizzie's club, I am aware of only two 1918 Model Ts. Dave Ferro has a depot Hack and Paul and Marilyn Duncan have a touring cutoff. It was common in the era to convert touring cars to a "homemade" pickup truck by cutting off the body behind the front seat and adding a wood box. The Cleveland Hardware Company produced bed hardware and provided free plans with the purchase of new iron fittings. We have one which we are restoring. Ford did not produce a pick-up bed until 1925 that fit on the roadster body.

Much of what we know about the factory produced Model T Touring cars between late 1916 and 1921 comes for the examination of the "Rip Van Winkle" Ford as documented in The Vintage Ford in 1978 and 1991 and reproduced in McCalley (p 261-74). There was still considerable body wood used in 1917 and in 1918. Big changes were introduced for the 1919 model year including optional demountable rims with 3.5 inches x 30 tires all around, optional starters and generators and more metal components.

**MTFCA News:** Larry Azevedo - MTFCA board gave an incentive of a free \$40 membership to each club. National membership went up by 200 members since July. Larry is on the ballot for the MTFCA board. This is in the latest Vintage Ford.

**Work Parties:** Larry Azevedo, September 9<sup>th</sup> work day after the breakfast. Paul fixed his wheels, Don adjusted his brakes. Next work party will be on Saturday the 23<sup>rd</sup> for final tune up for the Red River tour.

**State Fair:** Mark Dominguez - Sunday September 10th. We had a good showing of 19 club cars with the highlight of the State Fair event being a "take-apart car" demonstration by the women members of our club as well as other volunteers primarily from the local Model A Ford club, the Poco Quatros (Little Fours). Larry Azevedo had driven his 1925 Model T runabout take-apart car from the parking lot near the fairgrounds. The ladies, with a little help from the guys, managed to assemble the Model T, start and run it a short distance in 26 minutes. It was quite a triumph for the ladies and made for a fun and memorable event! At 3PM the police cleared a path for us and we exited via the northern end of the fairgrounds. It was an enjoyable day and special thanks to the Dominguez's for organizing the event, to Larry and Lorna Azevedo for coordinating and providing the take-apart car and to the wonderful ladies in the Tin Lizzies and the Poco Quatros for putting on such an enthusiastic take-apart car demonstration! We received a medallion for attending and we will give it to Neil and MaryAnn O'Brien for allowing folks and children to climb around the vehicle and ring the bell. Job details include Coordinate with the State Fair the day we will attend, parking inside the fair and outside the fair hire protection for vehicles left outside the fairgrounds.
